

LEMCA SCHOOL POLICY

LEMCA wants each parent/guardian to be fully aware of the guidelines about student conduct at school. The LEMCA board has developed a policy manual to address acceptable/unacceptable conduct at the school. It is our desire that each student's instructional time is positive and uplifting. To assist student families on how we will strive to achieve this goal, we want each family to have a copy of the policy manual. We encourage parents/guardians to review the manual so they are familiar with the school's policies.

To ensure LEMCA has fulfilled its obligation, please sign below that _____
